

Where the Water Begins

Land Management Practices for Marine Shoreline and Bluff Properties

Is your bluff or beach property eroding or jeopardizing your house? Do you want to manage your vegetation to stabilize your property while maintaining a beautiful view of Puget Sound?

The King Conservation District invites you to attend a **FREE** workshop for property owners along the marine shorelines of King County. The workshop will provide participants with an opportunity to learn about the ecological, geological, and vegetation management issues associated with owning property *Where the Water Begins*.

Topics Include:

- Understanding Marine Nearshore and Riparian Ecology
- Recognizing Geologic Hazards
- Using Native Vegetation to Reduce Erosion
- Using Native Vegetation to Improve Fish and Wildlife Habitat

Who Should Attend:

- Beach property owners interested in a stable natural shoreline
- Bluff Property owners interested in reducing the potential for erosion and landslides
- Any marine shoreline or bluff property owner interested in improving fish and wildlife habitat.
